

Announcement of Trade Policy and Strategy Office

Subject: Policy of Not Accepting All Kinds of Gifts, Fiscal Year B.E. 2567 (2024)

(No Gift Policy)

Trade Policy and Strategy Office, as the primary organization guiding Thailand's trade economy towards a new era economy, is tasked on developing, integrating, and driving the national trade strategies to be in a clarity and unity direction. In addition, the Office has been performing duties on monitoring significant trade measures and situations, conducting, and developing trading and economic indicators, serving as the center of information pertaining to in-depth trade and economy, and establishing networks of collaboration between public and private sectors, both domestically and internationally.

To ensure that governance adheres to the principles of ethical management, strong commitment to public interest, integrity, transparency, and accountability to build public confidence and trust, Trade Policy and Strategy Office hereby declares intention of not accepting all kinds of gifts or rewards (No Gift Policy). The Office is determined to be a moral organization where executives and officials abstain from accepting any gift or gratuity, whether prior to, during, or following, the performance of duties. It is expected that all executives will act as good role models and lead their subordinates to strictly oppose all forms of corruption and misconduct.

Announced on 26 December 2023

(Poonpong Naiyanapakorn)

Director – General, Trade Policy and Strategy Office
